COMPANY PROFILE

Onix Renewable Ltd. is a progressive company leading the way in India's Different Sectors-Renewable Energy | IPP | EPC | Solar Panel Manufacturer | Wind | Solar | Hybrid | BESS | Green Hydrogen | Power Generation | Energy Transition | Infrastructure | Utility | R&D.

Leveraging our deep industry experience, We have an impressive history of successfully launching more than 500 MW of projects thus far. Additionally, we are diversifying our operations into the production of solar PV modules, With a current annual capacity of 100 MW and plans for expansion to reach 2400 MW by the end of 2024.

Currently we are coming up with the **Renewable and Electrical** products.

We are a Leading **IPP | EPC | O&M Service Provider** in Renewable Sector.

Mission

Shift away from fossil fuels (Coal, Oil, Natural Gas) to renewable energy sources. These sources generate electricity with little to no carbon emissions.

Vision

Deliver sustainable, green fuel solutions powered by renewable energy sources for a cleaner global future.

Goal

Generate 10 GW of Renewable Energy capacity by 2030. Produce up to 1 MMT of green hydrogen and ammonia.
